

ITAI 2372 A02 AI Advancements, Future Trends, and Regulatory Comparisons

Criteria	Excellent (90-100%)	Good (80-89%)	Satisfactory (70-79%)	Needs Improvement (Below 70%)
AI Advancements (30%)	Clearly explains 3 recent advancements; uses clear, simple language; insightful connections to future trends	Covers 3 advancements; explanations mostly clear; some future trends discussed	Covers fewer than 3 advancements or explanations are unclear	Little to no explanation of advancements or unclear/missing connections to future trends
Comparison of Regulations (30%)	Engaging comparison of Australia and EU regulations; humorous yet informative; clear critical analysis	Comparison of regulations is clear but may lack humor or engagement; good analysis	Basic comparison; lacks depth in analysis; some critical points missed	Little to no comparison or analysis; unclear or off-topic
Future Trends (20%)	Provides 2 compelling, well-researched trends; connects trends to regulatory needs; creative approach	Covers 2 trends with some research; connections to regulations are somewhat clear	Covers 1 trend or lacks connection to regulations; less depth of research	Missing or unclear trends; no connection to regulations or research
References & Formatting (10%)	References are credible and properly formatted; follows all assignment guidelines (file naming, length, etc.)	References are mostly credible; minor formatting errors; meets basic guidelines	Some references are missing or improperly formatted; minor issues with guidelines	Little to no references, improperly formatted; guidelines not followed
Creativity & Fun (10%)	Incorporates humor, creative examples, or visuals; makes the assignment enjoyable to read	Some creativity and humor present; assignment is fairly engaging	Minimal creativity or humor; basic presentation	No creativity or humor; assignment feels rigid and formal

Bonus Points (+5):

You can earn up to 5 bonus points by adding one or more of the following elements:

- **Creative Visuals or Multimedia:** Include original AI-related memes, comics, or illustrations.
- **Additional Comparison:** Add a comparison between a third country's AI regulations (such as the USA, Japan, or Canada) and either Australia or the EU.
- **Innovative Future Trends:** Propose a particularly unique or visionary future trend in AI that hasn't been widely discussed yet, and explain how it might change AI regulation globally.

Total: /100 (+5 bonus points possible)
